

I need a doctor

We can find the right
doctor for you.

Medic Oncall™
By Healthcare Australia

Need a doctor? Look no further.

Medic Oncall by Healthcare Australia specialises in clinical and non-clinical solutions for healthcare providers, government and corporate and event organisations.

Full end-to-end services are provided nationally to metropolitan, regional, rural and remote locations throughout **both Australia and New Zealand.**

Finding the right fit

For hospitals and medical practices

We understand the complexities of running a hospital, health service or aged care facility. By partnering with us, we find the right fit for your workforce by understanding your organisational culture, operating model and needs.

We take care of every detail whether you prefer to outsource completely, a combination of outsource and onsite doctors or completely on-site doctors to deliver the outcomes you expect.

For governments and corporate organisations

Extensive experience in supporting medium to large organisations and governments with their non-clinical projects.

As your go-to provider for non-clinical solutions, Medic Oncall can provide doctors for any circumstance, from employee engagement programs such as health checks, skin examinations and immunisation services, to the development of health-related documents, policies and procedures.

For events

Having a doctor present at your event may be necessary for a number of reasons including assessment and treatment of event staff and visitors or to comply with social and legal responsibilities. We can provide fully registered doctors for corporate, public and sporting events throughout Australia and New Zealand.

For insurance / advisory services

We provide a range of medical advisory and consultancy services including the development of health-related documents, policies and procedures. We also provide expert professional opinion, compensation review and medical expertise for research and development.

Find the best match to fit your team

Access experienced and well-respected, multi-disciplinary doctors who are fully registered, credentialed, reliable and ready to work.

Reduce your medical administration workforce

We manage all administrative processes including paperwork, payroll and timesheets.

Trust the screening and credentialing process

We complete a comprehensive assessment of every doctors' qualifications, registration, clinical skills and experience.

Tailor the process to meet your requirements

With the capacity to meet specific organisational credentialing, induction and compliance needs.

Get value for money

Our payment structure is transparent, cost-effective and easy with one all-inclusive invoice.

Excellent customer service and communication

Our professional team take time to understand your needs to make the process as seamless as possible.

Development of health-related documents, policies and procedures

Achieve high-quality audit and compliance standards by engaging qualified doctors to write health-related documents such as policies and procedures.

Trusted medical advisory and consultancy services

With a significant and diverse workforce of doctors with relevant knowledge and expertise, we provide complete, unbiased and compliant medical advisory and consultancy services. This includes medico-legal advice, medical science writing, insurance and compensation reviews and more.

Meet your social and legal responsibility as an event organiser

Get access to fully registered doctors available for corporate, public and sporting events throughout Australia and New Zealand. Our doctors provide a valuable range of medical services to ensure participants and event goers have access to the medical attention they need.

Employee engagement programs

We can support organisations with a range of employee engagement programs including health checks, skin examinations and immunisation services.

Access to our interactive and easy to use app

Our app can be accessed via mobile or online portal. It offers a timesaving and more flexible way of managing information.

Our interactive app

All our health service employers get exclusive access to our integrated cloud powered app. The Employer App can be accessed via mobile app or online portal and offers real-time information to simplify and make the booking process more convenient for the medical workforce unit.
